It's with immense pleasure I am writing this letter to express our sincerely thank for your generous donation in the amount of \$3,000 (Three thousands USD) to support VIC for the travel to attend the third CBR World Congress to be held in July 2020 at Uganda. Please be informed you that, because of COVID-19 outbreak the Conference is postponed and the new date will be informed later.

I would like to express our greatest appreciation of you and the Japan Reuse System Co. Ltd that always help VIC in supporting our rehabilitation program for persons with disabilities. Your support allows us to provide necessary rehabilitation services to marginalized, underprivileged and impoverished persons with disabilities. We hope to continue our partnership in the future.

Thank you again for your support and wish you all the very best for your health, family and your company.

Sincerely yours,  
**Executive Director**
